New Yonk, Sept. 20.—The Herald's twashington special, dated 19th, says:
The whole number of negro troops mustered into the service since the commencement of the war, is, in round numbers, 180,000. The deaths and casculities among them greatly exceeded the proportion among the whites, and amounted to over 50,000. Sixty thousand of the remaining 130,000 have lately been ordered to be mustered out in the several departments, and these only are entitled to vote under the laws and regulations governing the service. This small number distributed among the several States would not be an element of calculation to any of them.
It is said that the ex-rebel Vice President Stephens, now confined at Fort Warren, is soon to be released, and will return to Georgia to co-operate with Ex-Governor Brown and others in the exconstruction and restoration of that State to the Union.

Gen. Schoffield is still in this city, but expects to leave for Europe about the first of October. He goes ostensibly on leave of absence, but the impression prevails that he is charged with some sort of a mission to some of the foreign governments.

New York Republican State Convention.

Syractuse, Sppt. 20.—Thie Republican State Convention assembled here today. Chas, J. Folger, of Ontario, was chosen temporary chairman. Mr. Folger, before taking the chair, said:

Gentlemen of the Convention:—Beyond thanking you for the honor conferred by putting me in this place, I shall detain you with but a few phrases, for you need not words. The Union party is not a party of words, but of deeds,—rather of ideas and deeds. Just returning from a four years' mighty war, it brings back, as the results of its loyed action, the Un'on party and the office of the convention of emancipation is a fixed fact. It lays before the world, as the trophes of its triumph, the shackles of four millions of bondmen disenthralled. Never having, by solemn yote, resolved that war a failure, it needs not to blush, with the shame of detected hypocrisy. The presiding officer of this Convention opens its sitting with the enunciation "that the war for the nutional in-party has been brought to a success."
